

Dear parents,

due to the ongoing suspension of the educational activities, the teachers of the IC 2 Montecchio guarantee remote teaching using IT tools.

All families are requested to support their children in the continuation of the school year, in order to allow the final assessment of the learning processes and the skills acquired in this period.

Non-participation will lead to negative assessment and prolonged absence will be reported to the authorities in charge.

If you don't have the access to the e-register or if you are not logged on to GSUITE yet, please send an email for guidance to barbara.frizzarin@ic2montecchio.edu.it and specify your child's NAME, SURNAME, CLASS and SCHOOL.

Kind regards
